

North Sacramento DESERVES BETTER

ROGER
DICKINSON

SACRAMENTO CITY COUNCIL

STATEWIDE LEADER AND NEIGHBOR

Turning Potential into Reality

The diverse neighborhoods of North Sacramento have strong families, but for too long, we have watched needed resources go elsewhere.

We can do better. Let's get started:

- Making our Neighborhoods Safer
- Reducing and Preventing Homelessness
- Attracting and Retaining Local Shops and Services
- Investing in our Young People

It takes imagination, hard work, and know-how to get what we deserve from City Hall. I will use my local and statewide experience to find, attract, and secure opportunities to improve and strengthen our community.

I would be honored to be your neighbor at City Hall.

ROGER DICKINSON

CITY COUNCIL, DISTRICT 2

It started with a bus stop.

Roger and Marj gathered their neighbors together. They successfully petitioned RT to put a bus stop near their Sacramento apartment. Roger saw what a few neighbors with a good idea could achieve.

As our County Supervisor and State Assemblymember, Roger helped residents organize to voice their concerns, share ideas, and collaborate on initiatives benefiting their neighborhoods.

Roger helped create thousands of jobs and founded Yes to Youth. By connecting neighborhood leaders with businesses and schools, Roger secured resources for late-night basketball, free community festivals, and health fairs.

Roger has proven his commitment to North Sacramento. **It's time to send Roger Dickinson to City Hall and get moving again.**
